

Mobile Air's Portable HEPA ready Air Filtration Systems provides high volume air exchanges required in abatement, dust control, and air scrubbing on large job sites contaminated by airborne pollutants. These lightweight and portable Negative Air Machines and Air Scrubbers produce up to 2000 CFM of filtered air movement to efficiently improve indoor air quality in: healthcare facilities, schools, hospitality venues, construction sites, and light industrial applications.

Developed to improve IAQ, HEPA filters effectively remove contaminants such as bacteria, allergens, mold and sub-micron sized dust. HEPA filters capture 0.3 microns and larger at a 99.97% rate.

Mobile Air Model

Bulldog

Dimensions:

Length	40"
Width	29"
Height	32"
Weight	117 lbs

Equipment Data:

Manufacturer	Abatement Technologies
Model	Bulldog
CFM	1300/2000
Discharge Size	12"
Noise Level dBA	70

Motor Data:

Voltage	120 VAC
Full Load Amps	10 A
Circuit Size	15 A

Features:

- One-horsepower, two speed motor delivers airflow of 2,000 on High and 1,300 on Low (cfm)
- BULLDOG roto-molded body components are made from UL94HB fl ame retardant resin making it lightweight and virtually indestructible
- Four heavy-duty 4" casters (2 fixed and 2 locking swivel) provide mobility and maneuverability
- Standard filters include: 1 ea. polypad prefilter, 1 ea. pleated prefilter and 1 ea. 99.97% HEPA filter Optional 12" HEPA and high-capacity carbon filters are available
- BD2KMA is equipped with a differential pressure gauge and an audible "change filter" alarm
- The BD2KMA has been independently tested and certified in accordance with applicable UL and CSA safety requirements

Mobile Air has a range of small suit case sized filter systems to large professional grade air purification Negative Air machines. Rugged, high-efficiency air filtration. Restore and maintain indoor air quality during cleaning, remodels and remediation. Suitable for use in homes, light industrial settings, schools, and healthcare environments wherever portable, efficient HEPA filtration is needed.

Model	Type	Make	CFM	L	W	H	Weight	Amps
